

## **Farringtons School Portal**

We are delighted to be able to invite you to login to the Farringtons School Portal.

Within the secure Portal you will be able to view information that is unique to your child/children such as their timetable and attendance. You will be able to report an absence, view details of your child's Homework and find contact details for relevant teachers. The Portal is also used for booking Parent's evening appointments as well as places on school trips and excursions. Via the Portal you will also be able to view all of the emails sent to you via our SchoolPost messaging system.

The school calendar is also at hand, with filters that allow you to see the events that are of interest to you. You can then subscribe to your filtered calendar and the events will drop into your phone or desktop calendar.

The Parent Directory allows you to find contact details for other parents who have chosen to opt-in, and you're in control of the details you choose to share and with whom you choose to share it.

To log on for the first time, click on the link below. You will need to use the email address that this email has been sent to and click Request Password.

## **Farringtons Parent Portal - New Login**

If you have already created your login, please click on the link below to revisit:

## **Farringtons Parent Portal – Login**

This link is available on the School Website under the 'Parents' tab.

We are confident that you will find your way around the Portal easily but if anything is unclear please feel free to get in touch with - email [data@farringtons.kent.sch.uk](mailto:data@farringtons.kent.sch.uk).

Our Portal is safe and well protected but as with all secure websites please do not share your personal password details with either friends or family.
