

Jasmine's School Journey

I joined Farringtons in 2021 in Year 5. My first memory of school is meeting my buddy, we did gymnastics together and she introduced me to everyone.

I joined a lot of clubs in the Junior School, in Year 6 we hosted clubs for Cricket and Netball for the younger years.

My favourite lesson in the Junior School was Drama as I have always loved it. I also loved Games lessons because they were so much fun and a wide variety. I really enjoyed our end of year production in Year 6 'Star Wars', we auditioned and rehearsed; I played baby Yoda and it was a great experience.

I moved to the Senior School in 2022 with lots of my friends and two from the Junior School were in my Form Group which made it much easier. It is definitely an advantage that I was here in the Junior School before moving to Year 7 as it prepared me for the amount of the homework we would get.

I want to be an actress or a singer because that has always been my passion.

I love performing and have enjoyed all the opportunities we have had to perform. I have loved all the shows I have taken part in and look forward to performing in the next production.
