

Richard's School Journey

I am from Nigeria and I joined in Year 7 in 2021. I have really enjoyed participating in the Floreat Programme. I have tried law, Japanese, clay pigeon shooting and rock climbing.

My favourite subject is Maths as I like problem solving.

Boarding is a close community and I have made lots of life-long friends. I also stay in contact with boarders that left previously.

There are lots of opportunities available to you and extra-curricular clubs on offer. I am on the Football and Rugby Team and have also been to the Maths clinic. Pupils are instrumental in deciding what clubs are on offer.

When I am older, I would like to be a software engineer.

My favourite memories from boarding are the friends I have made and in the summer holidays I miss my friends from boarding. Boarding has the perfect balance of academics and co-curricular activities, it has made me a better, more confident and independent person.

My favourite school trip was the trip to Moat Park for enrichment day, I enjoyed kayaking. I am looking forward to the ski trip to Switzerland next year. For boarding I liked the go-karting weekend trip, it was so much fun, I would like to do it again.
